Other Sources

We may collect or receive information about you from other sources like third party information providers. We use this information along with information you provide us directly, for example, to help you and your friends connect or to serve you advertising more tailored to your interests.

How We Use the Information We Collect

The main use of the information we collect and store is to provide a better gaming experience, but there are other uses as well. The uses for which we collect and store your information include:

- to operate, improve and optimize our Services and our players' experiences;
- to create your game accounts and allow you to play our games;
- to identify and suggest connections with other DANCO SOLUTIONS A.G. players and personalize our Services to you;
- to enable players to communicate with each other;
- to provide technical support and respond to player inquiries;

- to help create a safer and more trusted environment for our players by preventing fraud or potentially illegal activities, and enforcing our Terms of Service;

One important use of your information is communication. If you have provided your e-mail address to DANCO SOLUTIONS A.G. , we will use it to respond to customer support inquiries, and keep you informed of your in-game activity, including comments from friends, let you know about in-game status such as “crops ready” as well as tell you about gift and neighbor requests. Some messages, like invites for friends to join you in a game, may include your name and profile photo. We may also send promotional e-mail messages and promotional SMS messages (e.g. text messages) ("Promotional Communications") directly or in partnership with other parties, in accordance with your marketing preferences. Each Promotional Communication will offer you choices about receiving additional messages.

How We Share Your Information

We may disclose or publish aggregated information (information about you and other players collectively that is not intended to specifically identify you, for example, players between the ages of 21 and 25 who live San Francisco) and other non-personal information about our players for industry analysis, demographic profiling, marketing, analytics, and advertising, and other business purposes.

In addition, we will share your information (which may include personal information) with third parties (in other words, parties other than DANCO SOLUTIONS A.G.) or allow third parties to collect this information from our Services in the following circumstances:

Your Consent

With your consent, we may share your information with third parties or allow them to collect your information from our Services in some ways not specifically described in this Privacy Policy.

Friends and Other DANCO SOLUTIONS A.G. Players

The Service supports and often encourages you to interact with other players. In most DANCO SOLUTIONS A.G. games, if you play through a social network or register through a social network (for example, Facebook Connect), your social network friends will see your name, profile photo and descriptions of your game activity. In many DANCO SOLUTIONS A.G. games friends and other players will be able to see your game profile, which may include your name or a “game name” and your profile photo, which in certain cases can reveal your social network ID or DANCO SOLUTIONS A.G. player ID. For example, in GC Poker, any other player may see your game profile if you are playing at the same table. Access to a social network ID or DANCO SOLUTIONS A.G. player ID may allow others to view the public information associated with your related social network profile or DANCO SOLUTIONS A.G. account. Other players may also be able to send you game requests or even friend requests through the related social network’s communication channels.

Your information, and the contents of all of your online communications in our Services and between You and DANCO SOLUTIONS A.G. may be accessed and monitored as needed to provide our Service and may be disclosed:

- when we have a good faith belief that we have to disclose the information in response to legal process (for example, a court order, search warrant or subpoena);
- to satisfy any laws or regulations that apply;
- where we believe in our sole discretion that the Service is being used in committing a crime, including to report such criminal activity or to share information with other companies and organizations for the purposes of fraud protection, credit risk reduction, and other security precautions;
- when we have a good faith belief that there is an emergency that poses a threat to the health and/or safety of you, another person or the public generally; and
- to protect the rights or property of DANCO SOLUTIONS A.G. and other applicable third parties, including to enforce our Terms of Service.

Third Party Service Providers

We will share your information with third party companies to perform services on our behalf, like processing payments, analyzing data, optimizing game play, email delivery, hosting services, customer service and to help us in our marketing efforts, including managing and delivering contextual and tailored advertisements. We contractually require these third party service providers to maintain the confidentiality of the information we share with them, and we contractually require them not use your information for anything other than to provide services on our behalf.

Sale or Merger

In the event that DANCO SOLUTIONS A.G. undergoes a business transition, like a merger, acquisition by another company, or sale of all or part its assets (like selling a game), we may transfer all of your information, including personal information, to the successor organization in the transition. We will make reasonable efforts to let you and other players know of the business transition before transferring your personal information.
